

KENSINGTON®

MouseWorks® Mouse and TurboBall™ Trackball

For PCs and Macs

Contoured for comfort... The uniquely sculpted shape is the first thing you'll notice about MouseWorks® Mouse and TurboBall™ Trackball for PCs and USB Macs.

Kensington developed these specially shaped symmetrical input devices to help keep your hand and wrist in a neutral position, helping to reduce the risk of injury.

Powered for work... Powerful software gives you maximum control of the four buttons so you work the way you want. Click once to open, to cut and paste, to close—you set the choices for each button according to your preference and hand size. Work more productively... more efficiently... more comfortably with MouseWorks® and TurboBall™.

MouseWorks® Mouse

The unique shape and height of MouseWorks encourage a neutral hand and wrist position to increase comfort and help reduce injury risk.

- Side angles of the mouse help keep hand and wrist in a neutral position
- Scroll wheel allows you to quickly and easily speed through long documents and Web pages
- Oversized buttons help vary hand position
- Customizable buttons streamline repetitive tasks like cut and paste
- Comfortable for all hand sizes, left- and right-handed users

72111 MouseWorks Mouse for PCs and USB Macs

The unique MouseWorks® shape correctly positions the hand for comfort and helps reduce injury risk.

TurboBall™ users find that the unique sculpted design helps keep the hand and wrist in the proper neutral position.

TurboBall™ Trackball

The unique sculpted design helps keep your hand in a neutral position, increasing comfort and helping to reduce injury risk.

- Large ball for easy fingertip control and precision pointing
- Four customizable buttons streamline repetitive tasks
- Comfortable for all hand sizes, left- and right-handed users
- Scroll wheel allows you to move quickly and easily through long documents and Web pages

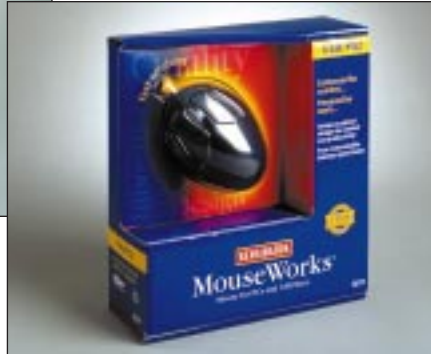

64227 TurboBall Trackball for PCs and USB Macs
